### Sunday, June 4 ■ Collins Hall Following Worship

I was reminded the other day of the profound insight of the late Sir Winston Churchill: "We make a living by what we get. We make a life by what we give."

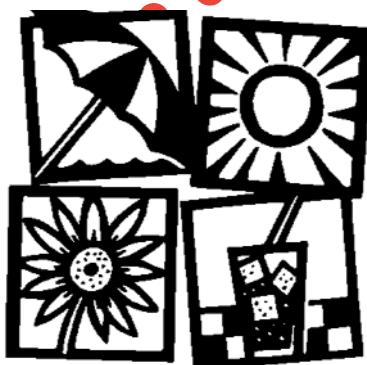

This Sunday, June 4th, offer thanks for those of you whose lives are shaped by giving time, talent and energy through volunteering. Hundreds of members and friends contribute thousands of hours to make "church" happen in our congregation. What would we do without those who volunteer to nurture our children, mentor our youth, care for those in need, sing and play in choirs, provide hospitality for those without homes, manage the business of the church, wash dishes, bake cookies and all of the many tasks that lift our spirits and cement our community? But it doesn't stop at our church walls. First Church volunteers fan out into the community and the world to give hours of service to building a better community, strengthening our state, sharing compassion around the world.

Sadly, there will not be enough time to express gratitude to everyone publically-and so, each year, we name three who personify the First UMC spirit of giving as **Volunteers of the Year**. It is among the hardest choices we make-there are so many who have given so much. One will be named to receive the **Guy Wheaton Award** for service within the life of our congregation. Another will receive the **Lewis Hughes Award** for service to the community and the world. The **Wesley Spirit Award** is given to a member who exemplifies both a deep personal faith and a spirit of joy and service.

We will pay tribute to volunteers during our 10:30 am Worship and name the **Volunteers of the Year** during a special reception in the Commons. I hope you will be there!

See you in Church!

Arvin

## SHAPING THE FUTURE UPDATE

by Edith W. Jensen

At its March meeting, the Leadership Council initiated a process to involve the entire church in creating a “framing statement” -- a clear, brief declaration of values designed to point us to the future. The purpose is to use such a statement to shape our future in order to:

- (1) make decisions about programming, staffing, and building priorities
- (2) create church publications for the fall and beyond
- (3) focus stewardship campaigns.

During April and May, 70 people met in nine focus groups to discuss a draft framing statement:

First Church: Living a vibrant faith.  
Believing...Thinking...Acting

Each focus group discussed the implications such a statement should have on the current and future life of our church.

The word vibrant clearly resonated with participants. They said that a core of vibrancy exists at First Church now, and expressed a strong desire to put this vibrancy into action throughout our congregation and in the community near and far.

Because there were so many specific ideas for either bringing back former programs and activities or initiating new ones, Leadership Council asked the Mission and Goals Task Group to distill the information from the focus groups and present a final report to it in July. Then Leadership Council recommendations will be brought to the congregation for action.

BECOMING  
AN INTERN

## FIRST UMC INTERNSHIP PROGRAM

First United Methodist Church and Society for Social Justice are seeking a college, university student or other young adult, from First United Methodist Church, interested in participating in an Internship Program. This internship would be with a nonprofit organization, preferably affiliated with First United Methodist Church, whose mission or ministry reflects the spirit of Jesus' words, "I was hungry and you gave me food; I was thirsty and you gave me drink; I was a stranger and you welcomed me; I was naked and you clothed me; I was sick and you visited me; I was in prison and you came to see me."

This is an opportunity to gain practical experience, under the direction of a person experienced in a profession or community service setting that reflects the interest and/or passion of the intern. This is a temporary position with emphasis on education rather than employment, the scope of which can be designed to fit the needs of both the intern and the organization served, based on the goals and desired learning experience of the Internship. This is a paid internship funded by a private grant made to First United Methodist Church.

If you are interested in applying for this internship position or have questions regarding it, please contact Annie Heart at 503/228-3195 x 215 or email: [ahheart@fumcpdx.org](mailto:ahheart@fumcpdx.org) for a complete description of the Internship Guidelines.

an inconvenient truth

## A PLANETARY EMERGENCY

A few weeks ago after worship, 64 from our congregation attended a forum which gave us a scientific and political update on global warming. The urgency of this growing climate crisis led most of those present to sign up to participate in an "Action Alert Network" of the Oregon Interfaith Global Warming Campaign. As one follow up, your Planet Church Committee is now urging you to invite others to join you in seeing the upcoming motion picture entitled: *An Inconvenient Truth*.

It offers a passionate and inspirational look at one man's fervent crusade to help stop the growing pollution of our atmosphere with global warming gases (mainly CO2 from burning fossil fuels in transportation and power generation) that could send our entire planet into a climate tail-spin of epic destruction involving extreme weather, rising seas, melting ice, killer heat waves, species extinction, droughts, epidemics and famines.

That man is former Vice President Al Gore, who, in the wake of defeat in the 2000 election, re-set the course of his life to focus on a last-ditch, all-out effort to help save the planet from this climate catastrophe. In this eye-opening and poignant portrait of Gore's life and his "traveling global warming show," Gore is seen, as never before in the media, as being funny, engaging, open, and downright on fire about getting the surprisingly stirring truth about what he calls our "planetary emergency" out to ordinary citizens before it's too late.

With wit, smarts and hope, the film *An Inconvenient Truth* brings home Gore's persuasive argument that we can no longer afford to view global warming as a political issue. Rather, it is the biggest moral challenge facing our global civilization. This film opens at the Fox Tower Theatre on Friday, June 9, 2006.

an offering of letters

## THANKS TO THE WHOLE CONGREGATION

The Hunger Task Force sent over 60 of our letters to our Congressional Representatives and Senators in Washington, DC. They carried our messages of concern for the hungry who live in the US and developing countries and who can't advocate for their needs by themselves.

The Bread for the World OFFERING OF LETTERS Project culminates with a huge rally against hunger in Washington, DC on June 13. Watch for media stories of this huge event in the next few weeks.

Special thanks go to the High School Youth for posters, 4th/5th Grade class for the colorful banner, and the Global Ministries Committee for its support.

Together, by joining in this national letter-writing effort, we make a difference for Christ in our world.
